1	George Chambers. Very happy thank you.	1/26/2021 10:35 AM
2	None	1/25/2021 9:25 PM
3	With there being 2 working parents in our house we luckily have the support of my mother in law to help with home learning although she's 70 this year we are having to focus on the main math and English subjects and bedtime reading. If we have time we do try to pick up extra lessons of more interest to keep the motivation flowing	1/25/2021 5:59 PM
4	comment from a remote sense as I am out of the country so I do hope my answers have not skewed the results. My only concern is that as my child is doing some home schooling and some within a key worker bubble there has been an occasion where the work he had partook in Mon,Tues,Wed at school within his bubble was then different from the home schooling on Thursday to the point where he had no clue and had become very despondent and upset and worried about why he had found it so difficult. I dont want this to seem like just criticism as everything has been very good in what I know is a very testing time. Thank You	1/25/2021 5:26 PM
5	Hi. Just wanted to say Mrs sales has been really helpful with my daughter Heidi Roper, Heidi was very emotional and scared and didn't want to go to school but she has buddied her with a friend which has really helped her and given her the support she needed.	1/25/2021 2:50 PM
6	The morning registration is fantastic and really reminds Miles that it IS a school day even though we are at home. Interacting with Miss Margetts has made the day feel more normal for Miles and he likes to see his friends on screen. Sway is the best change to the way the lessons are delivered. Simple to work through and with everything in one place. The only problem I am finding with this lockdown is the balance of social interaction with work. Miles is struggling without peers and is shy during the whole class meetings. Well done and thank-you to all at Carbeile for all of your hard work during this difficult time.	1/25/2021 11:00 AM
7	Fabulous job by the teaching staff!	1/22/2021 11:16 PM
8	No	1/22/2021 3:32 PM
9	Alexander has found the maths very difficult. He isn't confident enough to ask the teacher for help, as it has been offered by Mr Smith. He gets so upset & completely shuts down when we try him with what has been set, that he is doing athletics as an alternative.	1/22/2021 2:01 PM
10	Billy Bowden	1/22/2021 1:24 PM
11	I think it's mostly working well and any changes might make things worse rather than better. I'm sure Laurence would be happier in school, but here we are, doing what we can.	1/22/2021 1:07 PM
12	The support provided from the school during this time is amazing. As always, above and beyond!	1/22/2021 12:53 PM
13	I think all the staff and children are doing an amazing job.	1/22/2021 12:30 PM
14	I've answer no because I've found messaging jack's teacher very helpful through this difficult time and I'm thankful for that and doing what I can not easy having so many home but we have the support from you guys thank you	1/22/2021 11:55 AM
15	All the communication from school has been amazing. Thank you for the encouragement and support William has received from Mr Smith. The celebration assembly was a real boost for him, thank you.	1/22/2021 11:53 AM
16	Atthea Mallett	1/22/2021 11:53 AM
17	I think whet you're doing is amazing. Compared to other schools you are all going above and beyond what is needed. Thank you all so much	1/22/2021 11:52 AM
18	We don't use the online learning but the work activities Mr Tamblyn has set for Kaiden have been amazing and perfect for him, I'm really grateful for the additional support he receives so he can still learn but in his own way,	1/22/2021 11:49 AM
19	Great job Carbeile.	1/22/2021 11:48 AM
20	My child prefers paper homework that's not printed at home, than online learning as they see online as games and fun not homework	1/22/2021 11:48 AM

21	The school have been phenomenal. In particular the head teacher who has led his team with passion, positivity and pride	1/22/2021 11:47 AM
22	No	1/22/2021 11:46 AM
23	The only thing ayla struggled with was the WR maths. She found it very difficult to understand. I mentioned this to Aylas teacher and they are very kindly sending her the classroom secrets for ayla to complete instead. We now have a much happier child, no tears over school work. Everything is running smoothly so thankyou	1/22/2021 11:31 AM
24	Alexis Jones	1/22/2021 11:20 AM
25	Very happy with the home learning and find the structure of all the lessons and times are amazing as it helps the kids to stay in a good routine	1/22/2021 11:16 AM
26	We could not be happier with everything you are doing. We feel like Mary is learning really well despite not being in school and the staff have been so supportive. Thanks for everything.	1/22/2021 11:16 AM
27	I thought that the learning at home would be the same as the learning in school. At times there are gaps in his books while learning at school and the work sometimes doesn't follow on.	1/22/2021 11:13 AM
28	All going great, thank you. I suspect the supply teacher (dad) might have just put videos on when I've had to work, due to IT issues, but overall we are getting work done and sent in daily!	1/22/2021 11:11 AM
29	Lessons uploaded on the day are good however with being at work and homeschooling other children and toddlers to look after sometimes it's helpfull if they are uploaded in advance so we could plan a bit better with timing especially if grandparents are trying to home school too but overal videos are fab and everyone is doing a great job' well done	1/22/2021 11:08 AM
