#	RESPONSES	DATE
1	I have been really impressed with the quality of the videos provided for Theo Walton's learning. If I have needed help, Mr Walker has provided the information very quickly.	1/28/2021 2:17 PM
2	I feel so lucky that both my children attend Carbeile junior school, all the staff go above and beyond for all the students and one of my daughters has additional needs and the staff have always tried there hardest to help my child adjust to any changes and difficulties that she faces on a daily basis. Mr.Hamlyn is a credit to the school and really does care about his students. Throughout this whole pandemic Carbeile junior school have been very efficient,meeting government guidelines at all times, and most importantly prioritising the safety of the students and have been excellent in there deliverance of teaching the students	1/26/2021 3:58 PM
3	Ethan is really enjoying Codex every morning and interacting with teacher and friends, this has definitely helped with ethan maintaining a routine daily... Motivated to get up and start the day ☺.... So thank you for putting this in place.	1/26/2021 1:24 PM
4	Carbeile has provided so much support and feels like they have been there every step of the way, making it as easy as possible.	1/25/2021 10:08 PM
5	Finley is being a super star and mostly self sufficient with his learning (except Maths) because I work 6 hours during the day I'm not here to help. Although his step dad is home, he is looking after a 3year old and supervising Finley was becoming stressful for both. I finish work at 3pm and I help Finley with his Maths, conscious that he was already receiving booster classes before the 3rd lockdown. In the first lockdown, it was really beneficial to see the work ahead for the week on the parent zone so I could plan and prepare, this would be incredibly helpful especially now (Maths). I could digest and help Finley understand the night before to encourage independent learning the following day. Also, I feel guilty that we are having to complete lessons at the end of the day when we both should be winding down and having quality family time. Trying to find the balance of his emotional well-being with trying to focus on his Maths is a bit of a concern... although I have never felt pressure from the school, it's pressure I'm putting on myself. Mrs Lee is fantastic with her words of encouragement and she even provided a 121 session which was very much appreciated.	1/25/2021 5:01 PM
6	The morning class meetings for all the children, even if it is for them to effectively chew the fat with friends for 5 minutes is a master stroke, well done for implementing it.	1/25/2021 3:19 PM
7	You are all doing a great job guys. I think there needs to be work sheets set along side the YouTube lessons via teams. My child is with multiple grandparents and family members to allow us to work and the videos are great but leave a lot of room for the child to zone out and not get a lot of work done on paper. If there were also work sheets to download and fill out, this would provide more structure and help "fill out the day". If I was home, I could police this but it's hard when he is with lots of other people. My child is usually done by mid day having written about half a page of work answers.	1/25/2021 12:17 PM
8	I think the school and all the staff are doing a great job in these difficult times. I know we are all told just to do what we can but there is a certain amount of pressure to try to do everything - as often a lesson subject will follow on from the previous day and this can cause extra stress for child and parent if you miss something. I know that there are government guidelines and a curriculum to adhere to, but I think too much work is being set and not enough emphasis on emotional well being. I think it's great to add in the tasks for the day etc but I see these as extra and simply don't have the time. Mr Walker created a great scavenger hunt the other day which was really enjoyable. I'd love to see more of this type of thing as a lesson. There seems to be a lack of building, making, designing and drawing things at the moment. It would be nice to have more creative lessons linked in with the lesson subjects. Thank you	1/25/2021 12:02 PM
9	Only that this lockdown is being managed great and is certainly keeping Amy busy especially whilst I am trying to work from home as well. Thank you to you all for your efforts.	1/25/2021 10:38 AM
10	Extremely happy with the interaction and after discussing with fellow parents of children at other local schools, it is a lot less intense and 'child friendly' than they are experiencing. My only suggestion would be maybe trying to find a way for the children to interact a little more, so they feel less isolated. Perhaps being able to work in pairs on certain tasks or experiments? Although very much appreciated this may not be possible due to logistical reasons, or not everyone having access to sufficient IT to allow this	1/25/2021 10:23 AM
11	Ruby surman	1/25/2021 10:22 AM

Feedback for Remote Learning Provision - Year 5

12	Patrick is missing interaction with his peers and group. Before lock down he was having fun fit if we could get the programme could do that more at home. But great interaction for him with Mrs Evans.	1/25/2021 10:21 AM
13	Outstanding	1/23/2021 10:39 PM
14	I am extremely happy and always have been with the level of support and communication provided by Carbeile. Such a fantastic school.	1/23/2021 2:20 PM
15	Childs name: Harry Densham. As I work for the NHS. As a key worker, i am considering putting Harry into school on Monday and Wednesday mornings from 09.00 to 13.00. These are the days he goes to his mother's and gets no learning or interaction. She doesn't even have internet, hence he can't self learn. However, even if this is possible, my wife and I are very concerned about the numbers of the relevant bubbles increasing.	1/22/2021 5:16 PM
16	Evelynne is emotionally finding this lockdown hard. We get a lot of tears and sometime anger and frustration with everything. (If I could bottle this emotion she has we may find the antidote to covid). She is still focused and motivated with all academic work. However she is struggling when in school as feeling left out with her bubble group and also struggling with her dad being away. She has a good rapport with her teacher and fellow class on teams which is fab as she enjoys Mrs Lee's morning sessions and in particular the 3.30 session she does on a Friday. (I wish I had a teacher like Mrs Lee when I was in school as her interactions with the class sound great when eavesdropping! 😊) I have encouraged Evelynne to speak with school if she has any concerns or is upset. But feels she will be seen a baby if she cry's- not by staff but her peers. I am happy at this time and feel capable in supporting her and providing her with what she needs but feel she is missing talking to other friends like she did in her military kids group. Thank you for everything school is doing you are doing a fantastic job!	1/22/2021 3:53 PM
17	Thank you all for all that you are doing!	1/22/2021 2:16 PM
18	We are not keen on the vimeo videos for maths, and feel we should go back to the YouTube videos like before in the 1st lockdown, my child found it easier to do what the teacher is doing rather than trying to figure out how to do the current work that is set with the vimeo videos, this is causing more stress then needed in my opinion.	1/22/2021 1:44 PM
19	At present we are doing well at home with emotional aspects , there maybe a time we require additional support.	1/22/2021 1:12 PM
20	Your all amazing and all deserve a medal. Thank you for everything	1/22/2021 1:09 PM
21	.	1/22/2021 12:25 PM
22	Bo Hanson - unfortunately both me and my husband work full time as key workers I only have one day wjere I'm with Bo for school work. I'm quite worried she's having to get on with work on her own. For majority of the time she's doing really well but she struggles with her maths and it makes her lose confidence. It's more my worries she feels supported enough and the usual guilt of being a working parent.	1/22/2021 12:20 PM
23	I'm very grateful for everything you are doing at Carbeile so that myself and my husband can continue to work as keyworkers	1/22/2021 12:15 PM
24	Yves Battley is not really able to focus to do any school work and refuses most of the time. He is very happy at home but as this is his safe place he doesn't associate home with school work. We have bought some suggested games to help with the areas he struggles with (cognitive impairments) and are focusing on these at the moment.	1/22/2021 12:12 PM
25	None	1/22/2021 12:06 PM
26	Child at school. He is much more alert at home and getting what he needs.	1/22/2021 12:06 PM
27	Bentley Connor	1/22/2021 11:54 AM
28	Once again Carbeile Junior school has excelled itself with the communication, provision of home learning, support and overall its positive outlook through this 3rd lockdown.	1/22/2021 11:51 AM
29	Na	1/22/2021 11:50 AM
30	The communication and support that the school has provided has been amazing.	1/22/2021 11:48 AM
31	abi pacey	1/22/2021 11:47 AM

Feedback for Remote Learning Provision - Year 5

32	I have said this so many times but very proud to send Charlie to such an amazing school, the effort and support from everyone has been truly amazing, we are very grateful and very thankful for all that, you all do, it is hard trying to keep Charlie's concentration up while we are at home but we will keep going and just keep trying, Also trying to find the right words is hard to really thank you all for everything you do, Mr Hamlyn and team we would be lost without you thank you so much :)	1/22/2021 11:30 AM
33	My daughter has been learning both in school and at home — both are absolutely incredible and you as a school have done a fantastic job with learning and personal support. It's great that they still get daily interaction with their teachers and TA's and their class mates! All the YouTube videos are great, exceptionally informative and easy to follow! The worksheets are laid out well and easy to navigate around. Well done Carbeile!	1/22/2021 11:30 AM
34	Really happy with the support we have received from Mrs Lee	1/22/2021 11:26 AM
35	We're very happy with the home learning program - the feedback Max is getting from Mrs Lees is great - high quality, detailed and motivational! He's also really enjoying learning with Mr James in school. Mr Hamlyn is keeping us cheerful with the countdown, texts home and newsletters. So it's a big thank you from us.	1/22/2021 11:25 AM
36	The badge idea was a good incentive.	1/22/2021 11:24 AM
37	No	1/22/2021 11:23 AM
38	The Carbeile Junior School has been beyond supportive during the lockdowns. They have been there for us every step of the way and I could not be happier with their support. The home learning has been set out well and a teacher is always there should we need them for both learning and emotional support. Extremely happy.	1/22/2021 11:21 AM
39	Carbeile School has been amazing throughout the whole lockdown process and truly cares about the children, the parents, the staff and wider Community. They have certainly gone above and beyond in what has been an immense test to everyone! We are truly lucky to be part of this Schools community, and Mr Hamlyn and all the Staff have shown themselves to be consummate professions in what has been an unprecedented time in all our lives. Well done.	1/22/2021 11:18 AM
40	Charlie is managing some of the school work . He is really enjoying Mrs dohertys activity pack and he is willing to do the work as it's fun even though it's educational .	1/22/2021 11:17 AM
41	Amy does sometimes finish her work quicker than the 4 hours suggested. She will take about 3 hours some days	1/22/2021 11:13 AM
42	All great so far	1/22/2021 11:10 AM
