

## Year 5 Topic Homework Spring Term 2

Please support your child to complete four of the activities listed below. Children will be given opportunities to share their work and merits will be awarded for excellent effort. Have fun!

### **Geography**

Create a poster to persuade the local community to look after the planet.

### **Science**

Draw and explain the life cycle of a reptile, arachnid, crustacean or a fish (we are looking at mammals, birds, insect and plants in school).

### **English**

Create a leaflet about how to care for an animal of your choice.

### **French**

Create a French animal translation poster - include pictures.

### **Art**

Create a picture of an animal and decorate the inside with the colours of the flag that the animal originates

### **Be Creative**

Make your own animal out of recycled materials.

### **DT**

Design and make your own animal e.g. draw, sew, computer design, Lego...you decide!

## **Our Living Planet**

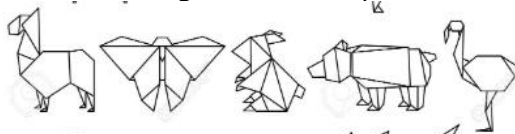

### **Read one of these classic books:**

Black Beauty by Anna Sewell  
Watership Down By Richard Adams  
War Horse by Michael Morpurgo  
The Jungle Book by Rudyard Kipling  
Charlotte's Web by E. B. White

### **Maths**

Create an animal using a range of polygons (straight sided shapes).

### **Global Issues**

Write a persuasive letter about climate change. You could even send it!
